Meet Our New Associate Dentist – Dr. Robert Kanas

Dear Patients and Friends,

We are truly delighted to welcome Dr. Robert J. Kanas, DDS to our dental family! Dr. Kanas brings over 40 years of experience in both dentistry and medicine, along with a warm, caring approach that instantly puts patients at ease. His genuine kindness, gentle touch, and commitment to excellent care make him a perfect fit for our practice.

Dr. Kanas is board-certified in diagnosing both common and rare conditions of the mouth. He treats everything from cavities and gum disease to mouth ulcers, and he has a sharp eye for spotting the early signs of oral cancer. In addition to general dentistry, he is highly skilled in surgical treatments and prosthetic dentistry, which means our patients can receive even more advanced care without leaving our office.

Throughout his career, Dr. Kanas has taught at dental schools across the country, guided new dentists as they began their careers, and published many articles in respected journals, including the Journal of the American Dental Association. He has a special passion for children's dental health, helping young patients build healthy habits and confident smiles from an early age.

Outside the office, Dr. Kanas enjoys time with his wife, Lisa, and their two sons. Scott is an orthodontist in Rochester, MI, and Mitch is a senior attorney with the U.S. Department of Commerce in Washington, D.C. His hobbies include writing, sailing, fishing, woodworking and furniture building.

We couldn't be more excited for you to meet Dr. Kanas and experience the knowledge, skill, and personal attention he brings to each visit. Whether you're here for a routine cleaning, advanced treatment, or anything in between, you can feel confident you're in caring and capable hands. Please join us in giving him a warm welcome!

Warm regards,
Dr. Austin & Dr. Reid
